ACADEMY

ACADEMY BELIEFS STATEMENT

At Makers Academy, we focus on each aspect of growth in a child's life: physical, emotional, and spiritual. God is at the center of healthy growth and Makers Academy is committed to nurturing the holistic health of their students.

Every school morning we gather for First Fruits, a dedicated time to connect with and offer our hearts to the Lord before we begin the work of the day. This involves staff and student led worship, prayer, and time spent intentionally listening to and seeking the heart of the Father.

Spiritual formation and discipleship are core pillars at Makers Academy. Every student participates in daily Bible classes, along with Encounter sessions. Our students are taught that God is still speaking, His Kingdom is still advancing, and Jesus has supernatural empowerment for each of them for the Kingdom assignment on their lives.

The Word is alive and active and it is who God is. While certain teachings and events of the Bible specifically took place centuries ago, we believe the entirety and fullness of the Word to be relevant and alive in our lives today.

The personal and active leading of God the Father, Son, and Holy Spirit is emphasized daily through every facet of learning at Makers Academy. Our students are taught to invite the Creator to lead, speak to, and guide them in every aspect of their lives.

Our staff is selected not only for their academic skill and knowledge, but also for their heart and passion for discipling the next generation. Our teachers pastor and nurture each child's unique identity.

The assignment on our school is to make disciples and make a difference, and Makers Academy is committed to equipping our students with the hands and hearts skills necessary for them to fulfill their part in the Great Commission (Matthew 28:18-20).
